

1. *Exempt* 7372
2. *F.O.I.* M+S

27 April 1964

TO: Airborne Instrument Laboratory

Contract FH-7322 and FH-7321

Attached herewith are copies of the Provisioning Check List which covers criteria to be used in establishing policy and guidance for Spares and AGE.

Part I of the attachment covers pre-provisioning requirement. Special attention is invited to Paragraph 2 and actions required therein. It is necessary that you have available in advance of the conference date the Provisioning Parts Breakdown List and Figure 1's for Project Support review 10 days prior to the scheduled meeting. Where there is any reason for further explanation, direct contact with the Project Support Office is encouraged. This office will assist wherever necessary and desires to be knowledgeable of major inquiries regarding policy matters.

STAT

This letter confirms provisioning dates for long lead time and high value spares on 30 June 64 and 15 Sep 64.

Regards,

STAT
